

INDEX TO VOLUME LI.

A

- Abdomen, Surgical Diseases of the, Douglass-Barr's Treatise on, Review of, 443.
- Abdominal Cavity, Pus in the, 423.
- ADAMS, J. E.: Paralytic Ileus as a Sequel of Fractured Ribs, 102.
- ALEXANDER, SAMUEL: Hydronephrosis, Congenital, Relieved by Nephrectomy, 129.
- Amputation of Leg Under Anæsthesia Produced by Infiltration of the Sciatic Nerve with Eucaïne, 739.
- Anæsthesia by Colonic Absorption of Ether, 457; Produced by Infiltration of the Sciatic Nerve with Eucaïne, Amputation of Leg Under, 739; Stovaine Spinal, 449; Terminal Arterial, 453.
- Anastomosis, Hepaticoduodenal, 830; Intestinal, by Invagination: Union of Colon with Rectum, 125.
- Anæmia, Artificial, Momburg's Method of, 878; Neuropathologic Cytology of, 753.
- Aneurism of the Internal Carotid Treated by Matas' Method, 76.
- Angioma of Papillæ of the Kidney, 541.
- Antiseptic Surgery, Lucas Championniere's Lectures on, Review of, 440.
- Appendicitis, Chronic, 136; Congestion of the Lower Lobe of the Right Lung an Early Symptom in, 846; and Diseases of the Vermiform Appendix, Kelly's Treatise on, Review of, 441; Intestinal Obstruction Following Operation for, 115; Subphrenic Abscess following, 426, 590.
- Appendix, Operations upon the, at the Presbyterian Hospital, New York, 909, 940; Perforated with Carcinoma, 939.
- Arterial Anæsthesia, Terminal, 453.
- Arterial Anastomosis, Treatment of Gangrene of the Foot by, 246.
- Arteriovenous Anastomosis for Gangrene of Foot, 280.
- ASHHURST, ASTLEY P. C.: Amputation of Leg under Anæsthesia Produced by Infiltration of the Sciatic Nerve with Eucaïne, 739; Gunshot Wound of Knee-joint, 736; Gunshot Wound of the Skull, with Rupture of the Longitudinal Sinus, 738; Intrapertoneal Hernia of Ileum Through Rent in Mesentery, Adherent Meckel's Diverticulum, 134; Primary Neuroorrhaphy of Musculo-spiral Nerve for Stab Wound, 740.
- Atlas and Axis, Traumatic Lesions of the, 193.
- Atlo-axoid Fracture-dislocation, 208.

B

- Bacillus Coli and Allied Organisms, Infections of the Urinary Tract due to, 355.
- Bacterins and Tuberculins in Mixed Suppurative Bone and Joint Disease, 761.
- BALFOUR, DONALD C.: A Method of Anastomosis between Sigmoid and Rectum, 239.
- BARNETT, CHARLES E.: Genital

- Canal Block following Neisser Coccus Infection, 416.
- BARNEY, J. DELLINGER: Intraperitoneal Division of One Ureter, 362.
- BEAL, HOWARD W.: Fibrinous Calculi in the Kidney, 111.
- Bismuth-Vaseline Paste Injections, Treatment of Chronic Tuberculous Sinuses by Beck's, 715, 751.
- Bladder, Hairpin in Male, Removed by the Aid of a Cystoscope, 115; and Uterus, Carcinoma of, 126.
- BLAKE, JOSEPH A.: Carcinoma of the Rectum: Unusual Method of Anastomosis, 261.
- Blood in Surgery, The, 1.
- Bone Atrophy, An X-ray Study of, 289; and Joint Disease, Mixed Suppurative, Bacterins and Tuberculins in, 761; Plastic for Skull Defects, 516.
- BRAASCH, W. F.: Deformities of the Renal Pelvis, 534.
- Brain, Gunshot Wound of the, 581.
- Breast, Malignant Degeneration of Benign Diseases of the, 212, 281.
- BREWER, GEORGE EMERSON: Hepaticoduodenal Anastomosis, 830; Text-Book of Surgery, Review of, 607.
- BROOKS, MACY: The Treatment of Syphilis by Hypodermic Injections of Salicylate of Mercury, 552, 595.
- BRUCE, HERBERT A.: Chloroma of the Jaws, 52.
- Bullet Wounds of the Chest Involving the Lung, 272.
- BUNTS, FRANK E.: The Separation of the Colon from its Mesentery, 837.
- C**
- Cambridge, Studies of Pancreatitis and the Pancreatic Reaction of, 89.
- Cancer, Etiology of, 768; Formation, The Relation of Trauma to, 609; Cancer of the Rectum, 854.
- Carcinoma in Perforated Appendix, 939.
- Carcinomatosis, Skeletal, 636.
- Carotid, Aneurism of the Internal, Treated by Matas' Method, 76.
- CARNETT, J. B.: Cervical Subcutaneous Cavernous Hæmangioma, 65.
- Cerebellar Cyst, Craniotomy for, 254.
- Cervical Subcutaneous Cavernous Hæmangioma, 65.
- Championier's *Pratique de la Chirurgie Antiseptique*, Review of, 440.
- Chest, Bullet Wounds of the, Involving the Lung, 272.
- Children, Surgical Diseases of, Kelley's Treatise on, Review of, 438.
- Chloroma of the Jaws, 52.
- Cholecystectomy for Cholelithiasis, 266.
- Cholecystostomy for Gall-stones, 579.
- Chondritis, Tuberculous, Simulating Cancer, 114.
- Choriocarcinoma, 863.
- Cirrhosis of Liver, Modified Talma Operation for, after Three Years, 256.
- COLEY, WILLIAM B.: Mesenteric Cyst in a Child, 572.
- Coley's Fluid, Sarcoma of the Psoas Muscle Treated by, 285.
- Colon, Ascending, Perforating Diverticulum of, 269; Separation of, from its Mesentery, 837.
- Colonic Absorption of Ether, Anæsthesia by, 457.
- CORSON, EUGENE R.: An X-ray Study of Bone Atrophy, 289.
- Craniotomy for Cerebellar Cyst, 254.
- CRILE, GEORGE W.: The Neuro-pathological Cytology of Anæ-

mia, Infections, Graves's Disease, and Surgical Shock, 753.
Cystoscopic and Röntgenographic Examination of the Kidneys and Ureter, Combined, 546, 592.

D

DARRACH, WILLIAM: Epithelioma of the Scalp, 726.
DAVIS, JOHN STAIGE: The Effect of Scarlet Red, in Various Combinations, upon the Epitheliation of Granulating Surfaces, 40.
DEAVER, JOHN B.: Pus in the Abdominal Cavity, 423, 480.
Deformities of the Nose, Suggestions for the Operative Correction of Syphilitic and Other, 173.
Dislocations of the Shoulder Joint, Old Irreducible, 890.
Diverticula, Œsophageal, Diagnosis and Surgical Treatment of, 812; The Radical Extirpation of Pharyngo-Œsophageal Pressure, 300.
Diverticulitis of Sigmoid, 584.
Diverticulum of Ascending Colon, Perforating, 269.
Douglass-Barr, on Surgical Diseases of the Abdomen, Review of, 443.
DOWD, CHARLES N.: Remarks on Appendicitis, 944.
DOWNES, WILLIAM A.: Open Ulcer of Stomach Closed by Adherent Gall-bladder: Gastro-enterostomy, 123; Splitting Kidney Capsules for Chronic Nephritis in a Child, 947; Umbilical Cord Hernia: Operation Eleven Hours after Birth, 113.
DUDGEON, LEONARD S.: Infections of the Urinary Tract due to Bacillus Coli and Allied Organisms, 355.
Duodenal Ulcer, Gastro-enterostomy for, 950.
Duodenum, Stenosis of the Pylorus

and, with Excision and Posterior Gastro-enterostomy, 573.
Dystopia with Fusion, Crossed Renal, 582.

E

Ectopia Testis with Hernial Sac, Perineal, 729.
ELIOT, ELLSWORTH: Modified Talma Operation for Cirrhosis of Liver after Three Years, 256; Result of Operation for Hepatoptosis after Five Years, 258.
ELSBERG, CHARLES A.: Craniotomy for Cerebellar Cyst, 254; Hemithyroidectomy after Ligation of the Superior Thyroid Vessels for Exophthalmic Goitre; Hyperthyroidism, 225; Hemorrhage into Thyroid Cyst; Hemorrhage into Ovarian Cyst, 255.
Empyema Thoracis, the Surgical Treatment of, 84.
Enterostomy, Technic for a Temporary, 142.
Epididymectomy for Tuberculosis, 121.
Epitheliation of Granulating Surfaces, The Effect of Scarlet Red, in Various Combinations upon the, 40.
ERDMANN, JOHN F.: Pylorectomy and Partial Gastrectomy for Perforating Ulcer of the Stomach, 574; Sarcoma of the Intestines and Stomach, 122; Stenosis of the Pylorus and Duodenum with Excision and Posterior Gastro-enterostomy, 573.
Exophthalmic Goitre, Hemithyroidectomy after Ligation of the Superior Thyroid Vessels for, 255.

F

Fibrinous Calculi in the Kidney, 111.
Fingers, Rhinoplasty by Means of One of the, 191.

FINNEY, JOHN M. T.: Resection of the Pancreas, 818.

FISK, ARTHUR L.: Remarks on Duodenal Ulcer, 951.

Foot, Gangrene of, Arteriovenous Anastomosis for, 280; the Treatment of Gangrene of the, by Arterial Anastomosis, 246.

G

GAGE, HOMER: Fibrinous Calculi in the Kidney, 111.

Gall-Bladder, adherent, closing Open Ulcer of Stomach: Gastro-enterostomy, 123; the Pathology of the, and some Associated Lesions, 651.

Gall-Stone, Ileus Due to, 133.

Gall-stones, Cholecystostomy for, 579.

Gangrene of Foot, Arteriovenous Anastomosis for, 280; of the foot, The Treatment of, by Arterial Anastomosis, 246.

Gastrectomy, Partial, for Carcinoma, 947.

Gastro-enterostomy, 123; 10r Chronic Duodenal Ulcer, 950.

Gastrotomy for Foreign Body, 934.

Genital Canal Block following Neisser Coccus Infection, 416.

GERSTER, ARPAD G.: Momburg's Method of Artificial Anæmia by Suprapelvic Constriction, 878; Remarks on Appendicitis, 940; the treatment of Diffuse Progressive Free Peritonitis, 490.

Goitre, Exophthalmic, Hemithyroidectomy after Ligation of the Superior Thyroid Vessels for, 255.

Gonitis, Tubercular Synovial, 946.

Graves's Disease, Neuropathologic Cytology, 753.

Gunshot Wound of the Brain, 581; of the Chest, Involving the Lung, 272; of Knee-joint, 736; of the

Skull, with Rupture of the Longitudinal Sinus, 738.

Gynæcological Diagnosis, Winter-Clark's Text-book of, Review of, 444.

H

Hæmangioma, Cervical Subcutaneous Cavernous, 65.

Hairpin in Male Bladder Removed by the Aid of a Cystoscope, 115.

HAMANN, C. A.: On the Simulation of Neoplasms by Inflammatory Processes, 782.

HARTWELL, JOHN A.: Diverticulitis of Sigmoid, 584; Perforating Diverticulum of Ascending Colon, 269.

HAUBOLD, HERMAN A.: Preparatory and After Treatment in Operative Cases, Review of, 603.

HAWLEY, G. W.: Skeletal Carcinomatosis, 636.

Hemithyroidectomy after Ligation of the Superior Thyroid Vessels for Exophthalmic Goitre; Hyperthyroidism, 255.

Hepaticoduodenal Anastomosis, 830.

Hepatoptosis, Result of Operation for, after Five Years, 258.

HEWSON, ADDINELL: Sarcoma Occurring in Scar Tissue of the Back, with Metastasis to the Lung: Pressure Necrosis of the Aorta, with Hemorrhage and Death, 745.

Hernia of Ileum Through Rent in Mesentery—Adherent Meckel's Diverticulum, 134; of the Pericæcal Type, Retroperitoneal, 682; Strangulated Inguinal, in a Two Weeks' Old Infant, 131; Umbilical, An Operation for, 694; Umbilical Cord: Operation Eleven Hours After Birth, 113.

Hip, Rheumatoid Arthritis of the, 937.

- HITZROT, JAMES M.: Gastrotomy for Foreign Body, 934.
- HORSLEY, J. SHELTON: Suture of the Recurrent Laryngeal Nerve, 524.
- HORWITZ, ORVILLE: Plastic Operation for the Relief of an Incurvation of the Penis, 557.
- Hospital Internes, Examinations of, 138.
- HOTCHKISS, LUCIUS W.: Remarks on Appendicitis, 941.
- Humerus, Fracture of the Anatomical Neck of the, with Dislocation of the Head into the Axilla, 267.
- Hydronephrosis, Congenital, Relieved by Nephrectomy, 129; Nephrectomy for, 125.
- Hysterectomy for Sloughing Fibroid; Spinal Anæsthesia; Blood Transfusion, 730.

I

- Ileum, Tubercular Stenosis of the, with Excision, 574; Ileum with Volvulus, Acute Intussusception of the, 237.
- Ileus due to Gall-stone, 123; Paralytic, as a Sequel of Fractured Ribs, 102.
- Infantile Paralysis, An Operation for Paralytic Shoulder-joint due to, 79.
- Infections, Neuropathologic Cytology of, 753.
- Inflammatory Processes, Simulation of Neoplasms, 782.
- Inguinal Hernia, Strangulated, in a Two Weeks' Old Infant, 131.
- Intestinal Anastomosis by Invagination: Union of Colon with Rectum, 125; Obstruction Following Operation for Appendicitis, 115.
- Intestines, Sarcoma of the, 122.
- Intussusception of the Ileum with Volvulus, Acute, 237.

J

- Jaws, Chloroma of the, 52.
- JOHNSON, ALEXANDER D.: Cholecystectomy for Cholelithiasis, 266; Cholecystostomy for Gallstones, 579; Crossed Renal Dys-topia with Fusion, 582; Fracture of the Anatomical Neck of the Humerus, with Dislocation of the Head into the Neck, 267; Gunshot Wound of the Brain, 581; Nephrectomy for Hydro-nephrosis, 125; Nephrolithiasis, 723; Renal Calculus Pyonephrosis: Nephrectomy, 260; Rupture of a Polycystic Kidney, 116; Surgical Diagnosis, Review of, 601; Tuberculosis of the Kidney, 271.
- JONAS, A. F.: Old Irreducible Dislocations of the Shoulder-joint, 890.
- JOPSON, JOHN H.: Strangulated Inguinal Hernia in a Two Weeks' Old Infant, 131; Subphrenic Abscess Following Appendicitis, 426.

K

- Kelley's Treatise on Surgical Diseases of Children, Review of, 438.
- Kelly-Cullen on Myomata of the Uterus, Review of, 446.
- KELLY, HOWARD A.: An Operation for Umbilical Hernia, 694.
- KELLY, JAMES A.: Bullet Wounds of the Chest, Involving the Lungs, 272.
- Kelly on Appendicitis and Diseases of the Vermiform Appendix, Review of, 441.
- KEYES, EDWARD L., JR.: Functional Diagnosis of Renal Disease, Especially by Experimental Polyuria, 340.
- Kidney, Angioma of Papillæ of the, 541; Capsules, Splitting, for Chronic Nephritis in a Child,

947; Fibrinous Calculi in the, 111; Rupture of a Polycystic, 116; Tuberculosis of the, 271.
 Kidneys and Ureter, Combined Cystoscopic and Röntgenographic Examination of the, 546, 592.
 KILIANI, OTTO G. T.: An Operation for Paralytic Shoulder-joint Due to Infantile Paralysis, 79.
 Knee-joint, Gunshot Wound of, 736.

L

LAMBERT, ADRIAN V. S.: Hemorrhage Following Tonsillectomy, 575.
 Laminectomy, Unilateral, 529.
 Laryngeal Nerve, Suture of the Recurrent, 524.
 LEJARS, FELIX: Urgent Surgery, Review of, 605.
 Leukæmia Resembling Pyonephrosis, 283.
 LEVIN, ISAAC: The Study of the Etiology of Cancer Based on Clinical Statistics, 768.
 Lexer-Bevan, General Surgery, Review of, 433.
 LILIENTHAL, HOWARD: Hairpin in Male Bladder Removed by the Aid of a Cystoscope, 115; Intestinal Obstruction following Operation for Appendicitis, 115; the Two-Stage Principle in Operative Surgery, 30.
 Lip, Tuberculosis of the, 520.
 Liver, Cirrhosis of, Modified Talma Operation for, after Three Years, 256; Hydatid Cyst of the, 599; Recurring Tropical Abscess of the, 568; Rupture of the, 934.
 Longitudinal Sinus, Gunshot Wound of the Skull, with Rupture of the, 738.
 LUCKETT, WILLIAM H.: Ping-pong-ball Indentation of the Skull without Fracture, 518.
 Lung, Bullet Wounds of the Chest,

Involving the, 272; Congestion of the Lower Lobe of the, in Appendicitis, 846.
 Lung-resection with the Application of Both Forms of Differential Pressure, Investigations Concerning the Technic of, 320.
 LYLE, HENRY H. M.: Necrosis of the Head of the Pancreas, 936; Rheumatoid Arthritis of the Hip, 937.
